Catholic Women's
Organisations

Since 1910

We are a global network of Catholic organisations. We promote the **integral development of women** and their **participation in all areas of ecclesial and social life**, encouraging them to fully live out their Christian vocation and **commitment to the world**.

We aspire for Catholic women to be **active protagonists in the Church and in society**, collaborating in the **construction of a more just and humane world**, through the witness of their faith and their concrete commitment.
